

## The Center for State-led National Debt Solutions adds Three New Board Members

St. Petersburg, FL (June 5, 2018) – The Center for State-led National Debt Solutions is proud to announce the addition of three new all-stars to its 501(c)(3) Board of Directors. It was just four months ago that we launched a major effort to expand our Board. During that announcement, we revealed the addition of six new Board members. Since then, we've added three more: (1) Mike Huckabee, Former Governor of Arkansas and 2-time U.S. Presidential Candidate, (2) Judd Gregg, Former U.S. Senator and Governor of New Hampshire, (3) Connie Mack IV, Former from Florida.

**Mike Huckabee**  
Fmr. Gov., Arkansas

**Judd Gregg**  
Fmr. Gov./U.S. Senator, NH

**Connie Mack IV**  
Fmr. Congressman, FL

Over the coming months, CSNDS be launching a number of fundraising efforts in order to attain the financial resources necessary to continue its mission of educating legislators and citizens alike regarding the dangers posed by the U.S. national debt and the constitutional remedies available to address the issue. The vast majority of Americans are behind our effort to restore fiscal responsibility to Washington, the challenge is to get that message to the broad audience it will take to enact change. We believe that will be possible given the

credibility our new Board members, their strong commitment to this cause and the additional resources they can help bring to the table.

Leading this initiative is Loren J. Enns, President of CSNDS and its primary content educator. He has spoken to hundreds of legislators and thousands of citizens across 20 states and has recruited all our new Board members. Loren is in the process of launching 2 major fundraising efforts which should result in the resources necessary to continue our educational efforts for years to come. CSNDS is 501(c)(3) non-profit organization focused solely on educating the body politic and state legislators alike regarding the dangers associated with the U.S. national debt and the dire need for a concrete solution.
